PROJECTS

Founder, New Chapter: GLP-1 Tracker™ Oct 2026 – Present

Independent Project · millrjess.github.io/tracker/

- Designed, built, and launched a subscription PWA for women over 50 on GLP-1 medications: offline-first installable web app with injection calendar, protein/movement tracking for muscle protection, AI Wellness Companion with opt-in memory (Cloudflare Workers), 6-digit access code onboarding, Stripe subscriptions ($3.99/mo, $29.99/yr), and an accessibility audit against WCAG 2.2 AA, Apple Human Interface Guidelines, and W3C mobile guidance

PROFESSIONAL EXPERIENCE

Website Operations Consultant 2016 to 2020, returning 2026

Independent Contractor, North Andover, MA

- Returning to client work after six years devoted to full-time parenting and writing; now accepting website management clients and contract engagements
- Stayed technically current through 12 major course certificates (2024–2026) in data analytics, UX design, cybersecurity, and digital marketing
- Hands-on portfolio work: SQL/Tableau dashboards with automated reporting; UX case studies with usability research
- Production experience across web operations, CMS security, technical SEO, and incident response
- Design and ship custom website agents integrated with client systems and data, from lead qualification and customer support to multi-step workflow automation
- Ship accessible products: audit against WCAG 2.2 AA, Apple Human Interface Guidelines, and W3C mobile guidance (contrast, touch targets, orientation, zoom, screen reader support)
- Website Standards Pass: W3C validation, WCAG 2.2 AA accessibility corrections, and user experience fixes grounded in Nielsen Norman Group research for existing sites and web applications

Independent Author, The Ledger Series 2016 – Present

North Andover, MA

- Author of The Ledger Series, a trilogy about AI systems and the people who live with them; published via Amazon

Chief Digital Strategist 2011 – 2016

Independent, Greater Boston, MA

- Directed web operations and migrations for national brands; improved search visibility

Senior Consultant 2011

NTT DATA (Contract), Boston, MA

- Conducted UX and usability audits for financial platforms

Digital Transformation Consultant 2004 – 2010

Independent, Greater Boston, MA

- Built e-commerce platforms and full-stack SEO strategies

Web & Digital Designer 2000 – 2004

Early Career

- Developed websites and marketing assets for small businesses during early digital expansion

PAID ENGAGEMENT

Phillip Hankins, General Manager, Bruce Technologies Inc. (an Amtech Systems company), was a paid engagement of over 11 years. I served as Corporate Webmaster for Bruce Technologies Inc. as an independent contractor vendor, from December 2009 to 2020. See the full recommendation on the Testimonials page.
I managed website operations for Bruce Technologies Inc. and its parent company, Amtech Systems. I kept the sites fast, secure, and online, with regular updates, backups, uptime monitoring, and security checks. I delivered proof of concepts on time and within budget.

EDUCATION

Bradford College, Bachelor of Arts, Humanities (Minor: Multimedia)

Northern Essex Community College, Associate's degree, General Studies
